OBJECTIVE

Fresher Graduating Student Want to delve into Tech Field.

EDUCATION

Sri Jagadguru Renukacharya College of Science Arts and Commerce

Bangalore, Karnataka

Bachelor's of Computer Application

Expected Graduation, Aug 2025

- o **Relevant Coursework:** Data Structure, Algorithms, Web Development, Software Engineering, Database Management Systems, Python, Object-Oriented Programming, Discrete Mathematics, Artificial Intelligence.

Seshadripuram college yelahanka

Bangalore, Karnataka

CEBA

Year of passing, July 2022

INTERNSHIP EXPERIENC

InternPE

Bangalore, Karnataka

Python Programming

Feb 2025-March 2025

PROJECTS

1. Blinkit Sales Data Analysis

Tools: Excel (Data Cleaning), Power BI (Data Visualization)

- Cleaned and structured raw sales data using Excel functions and pivot tables.
- Built interactive dashboards and visualizations in Power BI to identify key sales trends, top-performing categories, and customer behaviour.
- Delivered actionable insights to improve operational efficiency and sales strategy.

2. Food Delivery App – UI/UX Design

Tool: Figma

- Designed a user-friendly and visually engaging mobile app interface for a food delivery platform.
- Created wireframes, user flows, and prototypes using Figma.

- Focused on intuitive navigation and accessibility, enhancing user experience through clean, modern UI elements.

3. Front-End E-commerce Website

Tools: HTML, CSS

- Developed a responsive and visually appealing e-commerce website interface.
- Implemented product pages, navigation bar, and layout using semantic HTML and modern CSS.

SKILLS

Programming: Python, Java, C

Web Development: HTML, CSS, Java Script, React

Database: MySQL

BI Tools: Power BI, Microsoft Excel

Design Tools: Figma

Languages: Kannada, English, Hindi

Interests: Design, Development, Data Visualization and Analysis
